

SAGA Set - Installation instruction

Mounting

The SAGA Set is designed to be mounted in in a suspended ceiling

- 1.) Remove the acoustic panel where the luminaire should be mounted. (see placement guide on page #2)
- 2.) Use the Hole Template (included in the package) as a guide to make holes for power cable and mounting screws in the acoustic panel. Use a 6 mm drill for the three mounting screw holes marked with an S and a sharp knife for the power cable hole marked with an S.

- 3.) Push the power cable through the hole in the acoustic panel. Fasten the ceiling cup using the three screws and three wing nuts included in the package. In some cases, the Hole Template can be used to support the weight on the acoustic panel.
Note: Check with ceiling manufacturers that your ceiling can handle the weight of the luminaire at the installed position.
- 4.) Holding the ceiling cup, lift the acoustic panel and luminaire. Put the acoustic panel back in place.

- 5.) Connect the power cable WAGO connector to the Biocentric light control box.

- 6.) Adjust height of luminaire (see placement guide on page #2) and attach the ceiling cup lid.
- 7.) Carefully bend and insert the diffuser in the luminaire.

Placement guide

Specified mounting height: 180 cm from floor

Center the luminaire(s) over the table according to the illustration.

Luminaire data

Luminaire weight 4.3 kg

Light source energy class: E

User replaceable light source: No

Warning

- Disconnect or turn power off before installation, maintenance or service.
- Installation requires knowledge of luminaire's electrical systems. If not qualified, do not attempt installation. Contact a qualified electrician.
- Brainlit's luminaires must be installed in compliance with international wiring regulations (EN, IEE, NEC etc.).
- Secure luminaire compatibility with input voltage and frequency.
- To prevent wiring damage or abrasion, do not expose wiring to edges of sheet metal or sharp objects.
- Risk of fire or electric shock. Keep combustible and other inflammable materials away from lamp/lens.
- The luminaire is not suitable for covering with thermally insulating material.
- Do not operate in close proximity to persons, inflammable materials or substances affected by heat or dying.
- Wear gloves and safety glasses when removing luminaire from carton, installing, servicing or performing maintenance.
- Do not touch enclosure or light source.
- Allow lamp/luminaire to cool down before handling.
- The connecting cable is not waterproof.
- No user serviceable parts inside of luminaire.
- Luminaire to be independently supported to building structure.
- Avoid direct eye exposure to light source when luminaire is on.
